ABOUT ME

I'm Bilal Hassan, a web developer who creates user-friendly and responsive websites. Passionate about learning new technologies, I aim to contribute to innovative projects & enhance my development skills. My goal is to blend creativity with technology. By mastering web development and AI, I aim to create experiences that function seamlessly and delight users.

WORK EXPERIENCE

Web Development

2024 - 2025

Developed a fully responsive website with a focus on providing an optimal user experience. Ensured the website design adapts seamlessly to various screen sizes, including desktops, tablets, and mobile phones. Utilized advanced CSS techniques, such as media queries, to adjust layout and content dynamically based on device specifications. Incorporated fluid grids, flexible images, and responsive typography to maintain visual consistency. Thoroughly tested across multiple devices to ensure smooth performance and usability. The result is a user-friendly and visually appealing website that functions perfectly across all platforms.

Innovative Lead Marketing Solution Nazimabad 02

2022- 2024

Worked as a call center agent, effectively managing lead generation and marketing solutions. Contacted customers across the USA and Canada for air duct cleaning services. Assisted in understanding customer needs and providing suitable service options. Played a key role in business growth through targeted marketing strategies.

EDUCATION

Matriculation: SSC year(2023-2024)

Intermediate: HSC continue year(2024-2025)

Certified AI & Web Developer Program: Ongoing (2024-2025)
